## SERVICES AND SUPPORTS FOR INTERNATIONAL STUDENTS

Assiniboine’s student success advisors and international student advisor work together to help you with:

- ◆ Preparing to come to Manitoba and study at Assiniboine Community College.
- ◆ Practical questions like getting health insurance or a driver’s license.
- ◆ Academic needs like tutoring, program planning or accommodations for a disability.
- ◆ Confidential support for personal issues.
- ◆ Contact with community agencies and services.

Assiniboine Community College (Assiniboine) has campuses throughout Manitoba, which is a province in the center of Canada. With a population of approximately 50,000 people, Brandon is the second largest city in the province. Low crime rates and access to recreational facilities make it a safe and enjoyable choice for an education destination.

On occasion, we offer cohort programs in Winnipeg. With a population of approximately 800,000 people, Winnipeg is the largest city in Manitoba and is located where the Red and Assiniboine rivers meet.

Assiniboine is a designated learning institution and is a comprehensive, globally engaged college with a population of 7,500 full- and part-time students.

The college is a publicly funded institution accredited under the College’s Act of Manitoba since 1969. Assiniboine offers over 40 diploma, certificate and post diploma programs across a variety of disciplines including culinary arts, hospitality, business, agriculture, environment, health and human services, trades and technology, as well as English language classes for academic purposes. Many of the programs are also available through distance education. Assiniboine students are nationally recognized for their academic achievements and leadership qualities.

Assiniboine’s programs include both academic theory and practical experience. Small class sizes ensure students receive the supports they need. Many programs are linked with industry and, as a result, 94% of Assiniboine’s recent graduates who are seeking work have found employment within nine months of graduation.
